How do our everyday actions shape and transform the world economy? This volume of original essays argues that current scholarship in international political economy (IPE) is too highly focused on powerful states and large international institutions. The contributors examine specific forms of 'everyday' actions to demonstrate how small-scale actors and their decisions can shape the global economy.

Everyday Politics of the World Economy []

It is an unfortunate common view that politics is unrelated to everyday life. It is related to politicians, legal and official business that the average person knows nothing about, and should not bother with. It's an unfortunate view because politics is about life. Governments make decisions that affect our everyday life.
