Fintech And Regtech In A

Interaction between finance and technology is not novel. The abacus is a testament to the long-standing relationship between the two. But the 2008 global financial crisis (GFC) represented a pivotal moment that separated prior phases of the development of financial technology (FinTech) and regulatory technology (RegTech) from the current paradigm.

FinTech and RegTech in a Nutshell, and the Future in a Sandbox

The 4 th annual Fintech, Regtech and the Role of Compliance Report 2020 has highlighted the ebb and flow of attitudes on the adoption and use, in practice, of technology in financial services.. This year's report also examines the shifting role of the regulator and global concerns over tackling rising cyber-risk. The annual report compiles the views of nearly 400 compliance and risk ...
