State Building Governance And World

State-building, however, is more limited in scope: it seeks only to strengthen government institutions such as the army, the police force, the judiciary, and the central bank, the bare minimum to make a state self-sustaining. Fukuyama distinguishes between the strength and scope of government power.

Acces PDF State Building Governance And World Order

Francis Fukuyama famously predicted "the end of history" with the ascendancy of liberal democracy and global capitalism. The topic of his latest book is, therefore, surprising: the building of new nation-states. The end of history was never an automatic procedure, Fukuyama argues, and the well-governed polity was always its necessary precondition.

He levels fair criticism at the US for not building enough institutions of good governance in Afghanistan, Iraq, Haiti, etc. Fukuyama states that what dooms the US strategy of state-building is the desire to move too quickly. As a result, our interventions under Bush 43 failed because we weakened and dismantled forms of governance that we
